SCHEDULE OF BENEFITS

Benefit	Copay	Frequency
WellVision Exam		Once every 12 months

Contacts (instead of glasses)	No copay	Once every 24 months

WellVision Exam

A WellVision Exam is more than just a quick eye check. It focused on your eye health and overall wellness. VSP doctors get to know you and your eyes. They take the time to look for vision problems and signs of other health conditions too. Your doctor will examine appropriate visual functions and recommend prescription eyewear, if necessary. Each covered person is entitled to a WellVision Exam as indicated on the cover sheet of this Certificate.

Prescription Glasses

- Lenses:** Your VSP doctor will order the proper lenses necessary for your visual welfare. The doctor shall verify the accuracy of the finished lenses. Each covered person is entitled to new lenses as indicated on the cover sheet of this Certificate. If you choose non-covered lens options, they may result in additional costs.
- Frame:** You get a \$175 (\$200 effective 1/1/2023) allowance toward the frame of your choice. You'll also receive 20% off the amount over your allowance. Your VSP doctor will assist you in finding a frame, properly fit and adjust the frame, and provide subsequent adjustments to your frame to maintain comfort and efficiency. Each covered person is entitled to new frame as indicated on the coversheet of this Certificate.

Contact Lenses (instead of glasses):

You can either choose contact lenses or prescription glasses. You'll receive a \$175 (\$200 effective 1/1/2023) allowance that is applied toward your contact lenses. The contact lens exam ensures proper fit of your contacts and is in addition to your WellVision Exam. It's essential to check for eye health risks associated with improper wearing or fitting of contacts, because if left untreated they can affect the overall health of your eyes. Your provider can charge a maximum of \$60 for the fitting and evaluation. You are responsible for any costs exceeding the allowance. Remember, if you choose contacts, you are not eligible to receive lenses and a frame during the same service period.

Necessary Contact Lenses: Covered in full less applicable copays, when prescribed by a VSP doctor for one of the following conditions: following cataract surgery; to correct extreme vision problems that cannot be corrected with prescription glasses; with certain conditions of anisometropia; or with certain conditions of keratoconus. Your VSP doctor must secure prior approval from VSP for medically necessary contact lenses.

Suncare Enhancement:

You can use your frame allowance toward non-prescription sunglasses from your VSP Preferred Provider's frame board, exhausting both your lens and frame eligibility. Any changes to the lens, you would be eligible for 20% discount off of usual and customary charges.

Help protect your eyes from damaging UV rays. UV exposure can lead to the development of serious eye diseases including, tumors, cataracts and macular degeneration

Laser VisionCare Services:

If you're tired of wearing glasses and contacts, VSP's Laser VisionCare ProgramSM could be just what you're looking for. If you're nearsighted, farsighted, or have astigmatism, are at least 18 years old and in good health with no eye diseases—you're a potential candidate for laser vision correction. Since laser vision correction is a

surgical procedure, the decision to have it should be made carefully. Follow these steps to learn the facts and find out if it's right for you.

1. **Visit vsp.com.**
 - Get details about the program and laser vision correction.
 - Learn what to expect during surgery.
 - Download questions to ask your VSP doctor.
 - Review and download Frequently Asked Questions about the procedure.
 - Find a VSP Laser VisionCare doctor.
2. **Confirm your eligibility.**
Before scheduling an appointment, log on to **vsp.com** or call VSP Member Services at **800.877.7195**.
3. **Call your VSP Laser VisionCare doctor.**
Verify that the doctor participates in the program.
4. **Schedule a complimentary screening with your VSP LaserVisionCare doctor.**
The laser vision correction screening and consultation with your VSP Laser VisionCare doctor are complimentary. If you have a pre-operative exam and don't proceed with the surgery, your VSP doctor may charge an exam fee up to \$100.

If you decide to have laser vision correction, your VSP Laser VisionCare doctor will make arrangements with an approved laser surgeon and center and pre-operative care. Post-operative care is coordinated between your VSP Laser VisionCare doctor and your VSP laser surgeon.

VSP Discounted Pricing

You'll save an average of 15% off the regular price at contracted laser centers or 5% off of the center's promotional price—which could add up to hundreds of dollars in savings.
